VOTE for CHANGE April 29- May 21

Experience matters and I have worked at the Federal, State, and Local level to assist and advocate for constituents. As a State Senator, I served over 172,000 residents in DeKalb, Rockdale, and Newton and connected people with services, problem-solved, and built strong relationships with citizens.

In my role as a Chairman, I will use my expertise in business for the last 32 years to improve operations, reduce staff turnover,

and cut wasteful spending. Our citizens deserve a well-run county that provides a safe community, maintained infrastructure with roads in good repair, and a water system that can handle all of the recently approved housing.

As a 2 term Rockdale Commissioner, I know what needs to be done to improve our community and serve citizens at a high level with controlled SMART growth practices. My financial experience will be used to lower taxes and provide for a safe, clean, and efficiently run Rockdale County government.

When I worked at the Federal level, for US Senator Alan Dixon (D), and US Senator Howell Heflin (D), I learned the importance of knowing your district and the people who reside there. They both had an impressive way to relating to the people they served and the issues that mattered most. They maintained an open-door policy and spent time working to resolve constituent issues with a well-trained and resourceful staff. Great service was of paramount importance. I will bring decades of experience, connections, and resources to the people of Rockdale.
