

I am Larry Cox and I am asking for your vote to become the next member of Your Board of Education. I have lived in Rockdale County Since 2006 with my wife Beth and have had 3 daughters graduate from the Rockdale County school system and will have grandchildren attending school in Rockdale County. I am a Vice-President at Dankel Concrete Cutting which is one of the nation's leading companies in its field.

I am seeking election to become A Voice for this Community and make sure your Board has at least one member that actually represents you the Citizens of this County. I will be reaching out to you the Citizens of this County and letting you know more about me so you can decide who you want bringing your Voice forward on your Board of Education.

Issues

Below you will find a few of the Issues I want to work with you on as Your new School Board Member but as I meet with you the Citizens and determine your desires I will be adding to this list.

1. Replace Terry Oatts as Superintendent and conduct a search for the right person to lead the School System to a Successful future.
2. Invest your tax dollars wisely to assure the students of Rockdale County receive a quality education.
3. Reduce the School Board Budget by 20 Percent over a 4-year time period by cutting the budget 5 percent each year over the 4-year period.
4. Conduct Town Hall meetings so I can carry your voice to all Board Meetings.
5. To Reduce the tax burden on Senior Citizens in Rockdale County by establishing tax exemptions for Seniors that allow them to maintain home ownership.
6. Re-Establish Discipline in the classroom so teachers can teach.
